Customer Reviews

Even as a freeby this really didn't tell me anything that I couldn't look up online separately. Understanding that there is nothing out there, but the internet, that can keep all the narcotics up to date without repeated revisions, I was hoping that this would be a little easier than carrying a handbook...I WAS WRONG! Don't waste any time/money or download space on this o

SHORT book that provides simple answers to basic questions. I already had an understanding of the drugs and was a bit disappointed at the simplistic nature of the text.. I'm sure it will be a good read for anyone who has no understanding of Oxycodone or Oxycontin.
