Collectors Encyclopedia Of Nippon Poreclain: Sixth Series, Identification & Values (Collector's Encyclopedia Of Nippon Porcelain)

Synopsis

This sixth series contains no repeats. There are over 900 all new, full color photographs. Each piece has size, mark, and current collector value, and a useful index, glossary, and bibliography are attached. 2001 values. AUTHORBIO: Joan Van Patten has written hundreds of trade paper and magazine articles and is a contributor to Schroeder's Antiques Price Guide. She has been on the board of the International Nippon Collectors Club since its inception. As co-founder of the INCC, she also served as its first president and was a director of the club for many years. Joan edited and published the Nippon Notebook and the INCC Newsletter for five years. REVIEW: This book displays and prices a broad range of silver jewelry, reflecting the breadth of the collectible market and emphasizing the kind of silver jewelry which the average dealer/collector is most likely to encounter in the marketplace. The range covers a broad spectrum, from cheap to expensive, rare to common, U.S. and Continental to Middle Eastern & Oriental.

Customer Reviews

This is a wonderfully informative book on the popular collecting field of Nippon Porcelain. More than half the book is brilliant color photos of a wide variety of pieces with dimensions & estimated retail prices. What sets this book apart though is the wealth of information for collectors. There is a history of Nippon Porcelain & an insightful section of frequently asked questions. Themes including baseball, dogs & dolls are highlighted. I especially enjoyed the original documents reproduced here including early ads with items selling for pennies, design patents, beautiful hand painted salesman

sample pages and complete selection of back-stamp marks. There is a well illustrated section on the dangerous reproductions now entering the market and many more tips to aid the new or experienced collector. This is a truly indispensable reference on Nippon.

The 5th series highlights moriage swans and enameling. Reproduction section is more extensive and updated. There is also a section depicting the style evolution of nippon to further help identify and date items. A MUST for all nippon collectors and dealers.

The pictures are exquisite, but as a new collector, I was somewhat lost. I guess the idea is to buy all 5 books. I really don't like the question and answer format. So much of the information there and elsewhere is irrelevant.

Good, useful book for a Nippon porcelain collector to have!
