Masters: Blown Glass: Major Works By Leading Artists

Synopsis

A breathtaking collection of blown studio glass, featuring 40 artists and artistic partnerships.

Masters: Blown Glass, the newest entry in Lark's Masters series, presents the finest work being done today, and showcases an astounding variety of pieces, from Dante Marioni's Greek- and Italian-inspired vessels to Sunny Wang's complex calligraphic shapes. Curated by Susan Rossi-Wilcox, who writes brief introductions on every artist, it includes contributors from across North America and Australia, the leading centers for blown-glass work, as well as from China, Germany, Japan, and the Netherlands. Artists include: Kathy Elliot o Benjamin Edols o Dan Dailey o Richard Royal o Laura Donefer o Brian Hirst o Gabriella Bisetto o Hiroshi Yamano o Paul Marioni

Customer Reviews

A feast for the eyes. I liked the format of previewing artists and showing a lot of their work. Very well laid out. This is a great book to have as a coffee table book. If you are looking for techniques though, this is not the book for you.

While I enjoyed reading about some of the artists we collect and being introduced to new ones, several of the most famous were left out including Chihuly.

This beautifully priced soft cover book is a visual joy and an intelligent look at contemporary glass masters. It's a perfect gift for the collector or the appreciator who just wants to know more.

Anyone with any interest in glass as an art medium should own this book. It features major works by major artists and is not overly curatorial.

A look into the most sought after glass artists. It was interesting and informative.
