Women Helping Women: A Biblical Guide To Major Issues Women Face

Synopsis

Women Helping Women is a one-of-a-kind resource written for Christian women who desire to share with other women the comfort, hope and encouragement the Bible has to offer in response to the problems of today--problems related to difficult marriages, infertility, divorce, addiction, singleness, dietary habits, rebellious teens, single parenthood, marriage to unbelievers, scare of dying, parents, rebellious teens and more. For every one of the major life issues covered in the book, you'll find clear biblical advice along with consistently practical guidelines for bringing about true change. Counsel that is based on God's Word is more powerful than we can ever imagine. God created us and knows us completely, and only He can provide us with true freedom, peace, and joy. A powerful resource for every woman who desires to counsel--whether a caring sister in Christ or a trained professional!

This book is amazing - it is practical and Scriptural. It focuses on the heart issues behind several major sin-related problems of today. This book demonstrates that our biggest problem is sin and it identifies the root of such things as overeating/bulimia, addictions, and sexual sins for what they really are, selfishness, unbelief and greed. This book gives hope and practical advice so that we can overcome these things with the power of God! I highly recommend it!

Biblically based, but sometimes loses sight of grace and how to apply Biblical truths to very difficult

real life situations. I wouldn't throw the baby out with the bath water. Just be discerning and understand that sometimes a circumstance requires a bit more understanding than the black and white scenarios provided.

I had borrowed this book from a friend and referred to it so much I decided that I needed one of my own for reference. I do a lot of counseling and found it very helpful and Biblically based. I like the layout, a real life case study is presented then every question concerning that issue is examined in light of what Scripture says. Strategies for counseling are presented with Scriptural reference and application. Also several reading recommendations are listed in the back of each section. The counseling strategies are challenging and cover areas that are usually avoided like: Single teen mothers, post-abortion issues, adoption and overeating. I would highly recommend this book for self improvement and counseling others.

The "look inside" feature of this book was extremely helpful in determining if this book was going to cover the topics that I was researching. The topics included in this book are common issues that women face and provided the insight and direction necessary to help ladies through these issues through the power of the Word of God to change lives. It was awesome!

This book is very insightful and helpful for Women who want to help other women. The Author starts with a good foundation, The Word of God and builds from there. I am using this for a textbook for one of my classes and am now glad that I purchased it for my own library.

This is a must have book for women who counsel. It's great as a read through, but continues to be of great use as a reference tool. If you are looking for lasting change for life's problems, this book gets at the "heart".

This is a great resource if you are in a position of counseling women, or even if you're not. I like the way it's categorized by different situations. I would recommend this to any woman. If you're like me, you'll find yourself using it to counsel your own heart.

very practical answers to difficult life situations. Does not just give you Bible verses, it gives the how to and application of the Scriptures.
