Canadian Whisky: The Portable Expert

Synopsis

Davin de Kergommeaux takes readers on a journey through the first systematic presentation of Canadian whisky: how it's made, who makes it, why it tastes the way it does, its history, and the rich, centuries-old folklore surrounding it. Join whisky authority Davin de Kergommeaux on a pan-Canadian journey from British Columbia to Nova Scotia, celebrating the diversity of Canada's unique spirit. With his conversational and accessible tutelage, de Kergommeaux offers readers a carefully researched, reliable, and authoritative guide to Canadian whisky that is, quite simply, not available anywhere else. Not only a book describing the history and culture of the spirit, Canadian Whisky: The Portable Expert is also an informed exploration of taste. For the first time, whisky consumers -- experts and novices alike -- can approach Canadian whisky with a connoisseur's appreciation of its rich subtleties.

Customer Reviews

Canadian Whisky - the portable expert fills an enormous hole in the high-end whisky Zeitgeist where the largest selling whisky in the USA lives. Canadian whisky constitutes over 1/3rd of the American whisky market, and has so since forever (perhaps the Civil War) by being smooth. However, "smooth" has become a dirty word in the new high-end movement and there hasn't been a voice for Canadian whisky pride until now. Indeed, until this title, virtually nothing authoritative has been written about this vast and important area. Canadian Whisky - the portable expert is a stunning achievement that is really three books in one: 1) a treatise on whisky, it's production, and how to

appreciate it; 2) an economic and biographical history of the Canadian whisky industry: it's titanic industrialists, innovators, and entrepreneurs; and 3) a comprehensive set of tasting notes and distillery profiles. As such it is one of the most useful and complete books on a whisky segment that I have ever seen or, indeed could even imagine. And while the tone is authoritative and scholarly, the obsessive love and attentions to detail, plus the language of the epilogue makes it clear that De Kergommeaux is a partisan, a defender, of Canadian whisky's particular and unique flavor profile and role in Canadian culture, life, and economy. This isn't a book coming from some Canadian chamber of commerce type, however. Davin De Kergommeaux is one of the twenty-four Malt Maniacs - the elite group of whisky epicures who help mold and shape the culture and agenda of high end whisky epicurianism world-wide. Thus his whisky connoisseurship is impeccable and well predates his particular career as a blogger of and advocate for Canadian whisky.
