Customer Reviews

Arrived on time.This is a nice color book. I bought it for my husband. It is just a picture of a gun on a page. But I knew this before I bought it. For the price, some back ground would have been nice. Maybe in the future Mr. Snels could add just a little some thing else to the pages.

The drawings are not labeled.Consequently if you have purchased the coloring book to educate the younger set it isn't that useful.

Just fun. Well done, fun to do and talk about.

As advertised.
