Customer Reviews

When I find books that I might be interested in for free, I go ahead and grab them to look at later. I have gotten a lot of books that way, and this is one of them. I can update this review after I have had time to actually read through the book and make an informed opinion. So stay tuned.

I am not much of a DIY person. I buy or recycle items and then tend not to finish a project. The ideas in this book are clever and should be easy to make. So please wish me well in tackling these projects for Christmas gifts. Thank you for the informative and easy to read book. The only thing I miss are pictures of the finished project.

Good ideas for holiday gifts. If I were to receive one of those gifts, give me the minty citrus body scrub or the lavender coconut lip balm. It could have used some more pictures, but the ideas were great.

This book has a lot of good and easy ideas. I am Looking forward to trying them and giving gifts.
