Adult Coloring Book: Creative Flowers : Coloring Book Flowers For Relaxation (Volume 3)

Synopsis

The imaginative illustrations feature patterns of graceful flowers. Our lives become busier with each passing day, and as technology escalates, so does our access to work, obligations, and stress. Constant stimulation and expectation have left us burnt out and distanced from the present moment. Now the time for relaxing and meditate to charge your power ready for a new day with the beautiful flower which created over imagination!! Let's wake up the biggest creative artist inside yours now!!

Customer Reviews

Flower lovers will love this book filled with imaginative and artistic floral patterns, some in circular form centered on the page, others fill most of the page and every single one is a flower themed pattern or design that will inspire you.1. 29 illustrations printed one per page (the back of each page is blank) on light weight bright white paper.2. Most of the images are filled with small details, one is diabolically detailed and a couple with medium details. These patterns work well with Gel Pens, Colored pencils or Ultra fine markers must be used.3. All markers and Gel pens I tested bled through the paper, I just place a piece of paper under the page I am coloring to prevent damage to the next page.4. I am going to add a variety of the pictures from the book for you and I will replace them with colored pictures as I complete them.5. I enjoy this artists coloring books, every little detail in each image is completely outlined in her work. You donâ™t start coloring and suddenly not know where the detail ends.

My first adult coloring book and I'm very happy with it. I love the detail. Could be more design involved, but I'm enjoying the book no less. If you love flowers and need to de-stress, this I'd the way to go.

I really like this coloring book because there is a lot going on but not too much to feel overwhelmed like some of the adult coloring books.

More fun flowers to color! I love this book! There are flower designs everywhere. This book will keep any stressed and bored grown up happy for hours on end!

Absolutely beautiful in every way! I love this coloring book. Very intricate with the drawings. Let your imagination pick the colors!

This is a great book of flowers. They are similar so that it can help me choose the colors better.
