Customer Reviews

I like the recipes, but the format that they are presented in is hard to follow. I purchased this book for my Kindle Fire, so maybe that has something to do with it. I would recommend this book to anyone who likes Thai food with a Western twist.

I have many of Pamela's books and can honestly say that anything she writes is worth purchasing. the recipes are easy to follow and straight forward, the ingredients list can be found in nearly all grocery stores and the foods are all delicious. keep up the good work, Pamela!

While the ingredients are necessarily found at the corner grocery, the recipes are easy to follow and nice and spicy. Great Variety and quick to make providing the prepwork is done.

Well written, easy to understand, minimal ingredients needed. A handy guide to Thai food preparation. Written for the average home cook.
