Google Alerts Essentials: Master The Web, Manage Your Reputation And Become A Magnet For Relevant Conversations

Synopsis

Did you know that you can receive relevant content published on the web straight to your inbox? The tool that pros have been using for years for tracking everything from your own name, social security number, home address and more is now detailed in this ebook that provides you with the basics (and some advanced techniques!) for tracking relevant keywords on the web. Throughout my career as a digital media director, I've always been surprised at how little that people know about this free tool that is offered by Google! This ebook will provide beginners with the needed steps to track up to 1,000 keywords and phrases on the web. The way you view the web will never be the same!
